1 Prompt Design for Graph Tasks
Graph Prompt for Node-level Tasks
Prompt Design
Tasks Reformulate
Prompt Learning
Pros and Cons
Graph Prompt for Edge-level Tasks
Prompt Design
Tasks Reformulate
Prompt Learning
Pros and Cons
Graph Prompt for Graph-level Tasks
Prompt Design
Tasks Reformulate
Prompt Learning
Pros and Cons
Multi-task Prompting
Evaluation
Parameter Efficiency
Running Time
Capability in Data Reformulation
2 Multi-modal Prompting using Graphs
Text-attributed Graph
Process Graph Data via Large Language Models
3 Discussion
Analysis on Three Foundamental Problems towards AGI
cross-modal analysis
cross-task analysis
cross-domain analysis
Analysis on Six Specific Problems within Graph Prompt
